It took 3 hour to complete the game even less if i try again. Thats the only drawback for this game its short. But, it was fun to play. Pros.: -Loveable graphics -A fun combat system -4k support Cons.: -short gameplay (but for this price well.i would not expect much more) I would love to see Stone Age Wars 2 with more content. I don't think it will happen though.. it's a very good game, and can be very tough at times. It has a great balance between difficulty and strategy that feels extremely rewarding when you beat the game. Definitely worth the \$3.29 9/10. A little bit to repetitive, but for 3u20ac it's decent.. Fun game. It's a little too easy most of the time, but there is a couple that I had to repeat.. u041eu0447u0435u043du044c u043au043eu0440u043eu0442u043au0430u044f ! u043du0435 u043eu043fu0440u0430u0432u0434u044bu0432u0430u0435u0442 u043eu0436u0438u0434u0430u043du0438u0439 . u0441u043bu0438u043au043eu043c u043fu0440u043eu0441u0442u043eu0439 u0438 u043eu0434u043du043eu0431u0440u0430u0437u043du044bu0439 u0433u0435u0439u043cu043fu043bu0435u0439 , u043du043e u0438 u0432 u044du0442u043eu043c u043fu043bu044eu0441.
